

GLACIAL PARK Lost Valley Visitor Center

McHenry County Conservation District / Richmond, Illinois

“

From the very beginning, Featherstone and their staffing team accepted ownership for all facets of the project, including budget estimating, value engineering, permitting, bidding, construction management and assisting with LEED® certification.

GLACIAL PARK

Lost Valley Visitor Center

Project Scope

A LEED® Gold Certified conversion and extensive renovation of an existing 28,450 sq. ft. motel into a new public visitor center. Complete with administration offices, exhibit viewing areas, environmental education classrooms, conference center and multipurpose rooms for community use. The project included the sustainable redevelopment to support a permeable paved parking lot, native plantings, bioswales and wetlands.

Location

McHenry County Conservation
18410 U.S. Highway 14
Woodstock, IL 60098
